

Stop the War on Iran

before it starts!

this **Sunday**

Oct. 1st, Noon

Norfolk Naval Base

GATE 5 - Gather at the Naval Base Pass Office on Hampton Blvd

It is with grave concern that we observe the growing threat of a new U.S. war — this time against the people of Iran.

The deployment of a major "strike group" of ships, the Eisenhower Strike Group, has received orders to depart Norfolk and is scheduled to arrive off the coast of Iran on or about October 21.

It is essential that all opposed to the devastation of a new war in the Middle East speak out now.

Demand an immediate end to Washington's campaign of sanctions, hostility, and falsehood against the people of Iran.

Oppose any new U.S. aggression against Iran.

Demand money for human needs, not endless war.
