Almost two thousand American soldiers have lost their lives in the War in Iraq and yet the Bush Administration still does not have a successful exit strategy for our troops. Come listen to experts talk about the right plan for Iraq and hear testimony from the **Gold Star Mothers who have lost loved ones in this War** that has gone on for more than two years. You will also see scenes from the documentaries “*Uncovered: the War in Iraq*” and “*Caught in the Crossfire.*” **Additionally, we expect to have a call-in from Gold Star Mother Cindy Sheehan.**

Please join us for this vital dialogue on an issue
of national and international concern.
